

Dear Colleague:

As you know, methamphetamine is the fastest growing drug threat in Illinois. Meth is highly addictive, easy to make, and relatively inexpensive – making it an acute problem in Illinois and across the nation.

To help you deal with this growing epidemic, my office has teamed up with the Office of the Appellate Prosecutor, the Illinois Law Enforcement Training Standards Board Executive Institute, and other law enforcement agencies to offer a series of nine one-day meth trainings throughout the state.

Working together, we can stop the spread of meth. I hope that you can join us.

Sincerely,

Lisa Madigan
Illinois Attorney General

THE INVESTIGATION AND PROSECUTION OF METH CASES IN ILLINOIS

WHO SHOULD ATTEND?

Law enforcement officers and prosecutors who are or plan to be involved in the investigation and prosecution of meth cases

TOPICS TO BE COVERED

Meth-Related Laws, Legislation, and Court Decisions
Advantages and Challenges of Historical Conspiracy Cases
Evidentiary Issues Arising in Meth Cases
Other Topics Identified by Participants in Each Training
Meth Basics: Optional session on what it is, how it's made, why it's dangerous

Training Registration Form

To attend this training, please complete the registration form, *indicating the training you wish to attend*, and return it to Eileen Baumstark-Pratt via facsimile at 312-814-5727. Please call (866) 376-7215 with questions or to request particular accommodations. Space is limited and early registration is encouraged.

Please note that each training has a different registration deadline.

Please check the date and location of the training you would like to attend.
